

MIANE

A cheese-based enogastronomic evening

Miane

Many people attended the cheese evening organized by the Perenzin dairy and held at the Da Gigetto restaurant in Miane. The creative cuisine of chef Marco Bortolin brought out the best in the specialities produced by the award-winning dairy in San Pietro di Feletto. The guests were highly appreciative of the original flavour combinations, which were accompanied by choice wines. The dishes served were made by a team of top chefs and required almost a year of trials and preparation. All in all it was a huge success and the organizers, Emanuela Perenzin and Carlo Piccoli, will soon be holding another evening.
